0.1.1 LOCATION MAP

0.2 EMERGENCY PLAN AND INFORMATION

This information is designed to assist you in running a smooth safe show by outlining some important safety aspects.

0.2.1 FIRE AWARENESS

It is illegal to do any of the following:

Block or congest emergency exits. (These can be recognised by green and white exit signs over the doors).

Block the access route to an emergency exit.

Obscure or cover emergency exit signs.

Store equipment or any other item in the fire stairs.

Chock open fire or smoke doors or any doors leading to fire stairs

Please also see section 1.4 Exhibits Requiring Approval in this exhibitor manual for further information.

MCEC MANAGEMENT WILL NOT CONDONE THESE PRACTICES AND ADHERENCE WILL BE STRICTLY ENFORCED.

0.2.2 EMERGENCY EVACUATION PROCEDURES

The MCEC has an Emergency Evacuation Plan to enable the successful evacuation of staff and visitors in the case of a fire or other emergency. All MCEC staff will assist in the evacuation of large numbers of people if the need arises.

Organisers are required to assign designated fire wardens to be present for the duration of the event. In addition it is important for all occupants of the MCEC to be aware of the Emergency Evacuation Plan.

The MCEC has two alarms, which can be heard throughout the building if a fire alarm is activated or there is a pending emergency.

The first alarm is the ALERT ALARM which is a BEEP-BEEP-BEEP sound (similar to a truck reversing). On hearing this alarm, all trained wardens will attend the Wardens Phones and await instruction from the Senior Warden.

ALL OTHER STAFF MEMBERS AND OCCUPANTS WILL CONTINUE ON WITH THEIR NORMAL DUTIES.

The second alarm is the EVACUATION ALARM which is a WHOOP-WHOOP-WHOOP sound (similar to an air raid siren). This is the signal for the wardens to evacuate the area via the fire stairs. **LIFTS ARE NOT TO BE USED.** You will then be guided to move quietly and calmly to the Assembly Areas.

0.2.3 EMERGENCY EVACUATION ASSEMBLY AREAS

Assembly areas for the MCEC are located at:

Area	Evacuation Assembly Point 1	Evacuation Assembly Point 2
Melbourne Exhibition Centre	Tea House Area	John Batman Park
Melbourne Convention Centre	Flinders Wharf Park (across the new Yarra River footbridge)	John Batman Park

Please take the time to familiarise yourself with emergency exits, fire fighting equipment and evacuation assembly points so that you can assist patrons of your show to safety if required.

0.2.4 EMERGENCY EXITS – IMPORTANT

Please take time to familiarise yourself with emergency exits.

0.2.5 CONTROLLING RISKS

Safety and security can only be achieved with the full cooperation of all staff and clients.

0.2.6 REPORTING INCIDENTS / NEAR MISSES

Report all incidents or near misses to the event organiser, event security or MCEC Security Control Room on ext 8333 or (03) 9235 8333. This allows for tracking and rectification of hazards and common problems.

0.2.7 SAFETY VESTS AND CLOSED TOED SHOES

Due to an increased awareness from WorkSafe Victoria it is now mandatory for all exhibitors during move – in and out periods, to wear closed toed shoes and approved safety vests at all times.

Exhibitors and contractors will not be allowed entry to the exhibition floor unless closed toed shoes and safety vests are worn. Please contact your event organiser for further details.

0.2.8 ACCESSIBILITY

Accessibility Information

Through its Accessibility Action Plan, the Melbourne Convention and Exhibition Trust (MCET) works proactively to ensure that the Melbourne Convention and Exhibition Centre provides an environment for visitors, contractors and staff that is inclusive and addresses the needs of all users of our venue.

Parking is available for people with disabilities in the Melbourne Exhibition Centre car park. Accessibility parking locations are near entry doors 1, 6 and 10, which have lift access to the concourse and exhibition area on Level 1. To access Level 2 or Level 5 a separate elevator is located behind the customer service desk. Accessibility parking is also available in the South Wharf car park.

Easy access to trams and taxis is via a ramp outside the main Clarendon Street entrance.

Accessibility toilets are situated in the MEC behind the customer service desk, along the concourse and also on Level 2 next to the organiser's suites. Inside the exhibition area, toilets are located on either side of the kiosks.

A telephone providing ease of use for visitors in wheelchairs is located with our other public telephones on the MEC concourse.

A TTV telephone suitable for hearing-impaired people can be found adjacent to the ATMs on the MEC concourse.

Accessibility access to the Convention Centre is via the four main entrances. To access all levels of the Convention Centre, lifts are located within the main foyer.

Accessibility toilets are also available on each level of the Convention Centre. An ambulant toilet is available in all toilets situated within the Convention Centre.

1.5.3 ALCOHOL BEVERAGE SAMPLING

The Victorian Liquor Control Reform Act 1998 is the relevant legislation that covers the liquor licensing requirements for beverage samples. For one off or short-term events, where the serving of alcoholic samples is proposed, a Limited Licence must be obtained (See attached application form below), or visit the Victorian Liquor Licensing website www.justice.gov.au for further information or to download the application form in PDF format).

Please note that applications for limited licences should be lodged at least 35 days before the event commences. In some cases, you may be required to provide further information or a floor plan of the premises, or to publicly display a notice of the application.

The City of Melbourne Health Services Branch has provided the following guidelines for “Temporary Food Premises Operating at Special Events.” For further information and to obtain a registration form please telephone the City of Melbourne on (03) 9658 8831.

1.5.4 HEALTH ACT REQUIREMENTS

Any exhibitor or person carrying out practices such as body piercing, tattooing, application of makeup, hairdressing, etc. to visitors to the MCEC, requires a Temporary Health Act Registration with the City of Melbourne.

Event organisers (and/or exhibitors) should contact the City of Melbourne Health Services Branch as early as possible prior to the event in order to ensure that any of the above practices carried out by exhibitors do not pose a risk to public safety.

An application form must be completed and returned to the City of Melbourne Health Services Branch at least 14 days prior to the date of the event. A registration fee negotiated between the City of Melbourne and the event organiser must be accompanied with each application, also prior to the date of the event. This fee is to be paid directly to the City of Melbourne Health Services Branch 2 weeks prior to the event. However if the proceeds from the operation of the stalls are to be donated to a charitable organisation running the event, this fee is not applicable. A site plan of the location of each stall is also required to be returned to this office. These details are crucial to the development of the health inspection and monitoring program for the event.

For more information please visit <https://streatrader.health.vic.gov.au>. If you need assistance using this website please call 1300 085 767.

1.5.5 ALCOHOL SALES/CONSUMPTION DURING MOVE IN/MOVE OUT

As part of the Melbourne Convention and Exhibition Centre continuous improvement policy for the management of Occupational Health and Safety there is a restriction on the sale and consumption of alcohol during move in - out periods of exhibitions.

A SafetyMAP Internal Audit highlighted concerns over alcohol and the operation of plant and equipment during move in/out. In response to this highlighted risk, no alcoholic beverages will be sold or served by the Melbourne Convention and Exhibition Centre via our kiosks and Stand Catering services during designated move-in and move-out periods.

1.5.6 WASHING FACILITIES ON STANDS

The Victorian State Government food and liquor regulations require stands handling and serving food or beverage, to have washing facilities on their exhibition stand. Exhibitors can provide their own licensed plumber for connection of sinks and hot water services. If you require the services of a licensed plumber we would be happy to suggest a licensed plumber that you can contact directly. Please telephone Exhibitor Services on (03) 9235 8110 or email exservices@mcec.com.au. Please refer to Utility Services Section 1.8.

All contractors, service technicians, tradespeople and exhibitor personnel who work in the Melbourne Convention and Exhibition Centre are required to adhere to all relevant Australian Standards, perform their tasks within set Industry Codes of Practice and hold all necessary licences. Cold water and waste systems are provided for use by exhibitors with outlets in each of the primary floor pits. Water is provided at a flow rate of 0.3 L/s in each primary floor pit and a waste outlet with a discharge rate of 6 L/s is also provided. If water is required at a greater flow rate, the operator may connect to more than one service pit, i.e. use two or three hoses.

Exhibitors requiring hose connections for water will need to provide a pressure hose (domestic garden hoses are not permitted) and a (15mm) ½" female threaded BSP fitting. A drain with grate is provided in the primary service pits. To connect to waste disposal exhibitors require a 40mm diameter BSP female socket.

To connect to compressed air supply, exhibitors require a 15mm (½") male connector to match a 15mm (female outlet) ball valve. Compressed air is of normal industrial quality. Regulators, filters and lubricators are to be provided by the exhibitor as required. The Melbourne Exhibition Centre can provide 25L/s (normal air @ 02-3C, 7 Bar pressure) to any 5000 sqm. exhibition space. This type of trade promotion lottery does not require a permit.

In addition, no participant can be required to incur a cost of more than 55 cents to enter. (This is to cover postage or a telephone call – it cannot be an entry fee)

(If the individual value of a prize in the lottery exceeds \$250 the name of the winner must be published in a newspaper circulating generally in Victoria. However, if the total value of prizes for the lottery is less than \$500 but an individual prize exceeds \$250, the name of the winner only needs to be published in a newspaper circulating generally in the area.

The winner(s) must be notified in writing.

All entry forms and promotional material must include:

- i) the closing date of the lottery, and
- ii) when and where the lottery will be drawn, and
- iii) the means by which the winner will be notified; and
- iv) the conditions of entry if any.

Entrants in a lottery must not be required to be present at the drawing of the lottery to be eligible to participate, unless the draw is to take place within 24 hours of commencement and the only means of entry is at the premises where the draw will take place. e.g. at a trade expo and the draw will be conducted at the conclusion of the day.

Visitors to the Melbourne Convention and Exhibition Centre will have access to free wireless internet, a first for any centre in the country. For additional information please contact Exhibitor Services on 03 9235 8110.

M CONNECT - FREE WI-FI

This service would:

Be shared by all conference delegates, event attendees and general public in the building during your event. This service would not be just for event delegates and is not designed to provide a guaranteed number of concurrent users for a particular event in a particular location.

Have a maximum bandwidth of 512kb/s. The actual bandwidth will be influenced by the number and density of concurrent users.

Require individual users to subscribe (free of charge) to the service via a login page agreeing to a set of terms and conditions*. Individual users will need to re-subscribe (free of charge) to the service after 12 hours or once the 100MB download limit is reached.

Be delivered by in-house wireless access points (WAPs) and provide coverage extending throughout the venue including meeting rooms, exhibition bays, the Plenary and all other public spaces.

Be suitable for the following applications:

basic internet browsing
web based email
Facebook, Twitter
MSN Messenger

Yahoo Messenger
Skype calls including video
Google Talk
IMAP / POP3 / SMTP email

This service does not support:
streaming video,
VPN connections

peer to peer file sharing

PLEASE NOTE:

Wireless is a less secure service and download speeds will vary depending on the number of users on the service at any one time. Wireless signal strength can also vary depending on geographical location and other items interfering with the signal. For best results we recommend the use of 5GHz (IEEE 802.11n-2009 standard) wireless compatible devices. Previous standards are supported but results can vary in line with the inherent limitations of these standards and associated devices.

Clients who require a secure network to download continuous information over a longer period of time are advised to order a dedicated fixed-line service.

* A full set of MCEC Wireless Terms of Use are available from the MCEC Wireless portal.

2.2.6 BROADBAND INTERNET ACCESS – SERVICE INFORMATION

Please note for connection to our Broadband Internet you will need to have your computer set to obtain IP and DNS addresses automatically from our DHCP server. This is the standard operating system default. Administrator access is required if you require the MCEC to configure your computer with these settings. Ideally your administrator can configure these details for you.

Broadband Internet Access price includes the internet access itself through the supplied network cable for the nominated amount of downloads. We can help you configure your computer with the appropriate settings to access our Broadband connection. For other computer related issues you should contact your administrator, computer vendor or IT support. We may be able to assist with some queries, however please note that a labour charge will be incurred and we do not take responsibility for problems with your computer.

Broadband Services do not pass through any firewalls to allow maximum access to our end users, however by default are private IP addresses which offer some protection from the outside world. Computer Security and Virus Protection remains the responsibility of the client. We recommend that virus protection with the latest virus definitions be installed and that all operating systems patches and updates also be installed. MCEC accepts no responsibility for clients computers contracting viruses or having security compromised once connected to the Internet. We will ensure that the Internet Connection is functioning correctly.

Broadband Services provided are not for resale or sharing with other exhibitors. Offenders will be disconnected and further action may be taken.

MCEC can provide you computers that have a fresh install with the latest virus definitions and windows updates installed.
